

MICHELIN® e-Business

**Providing easy
ways to
move your
business
forward.**

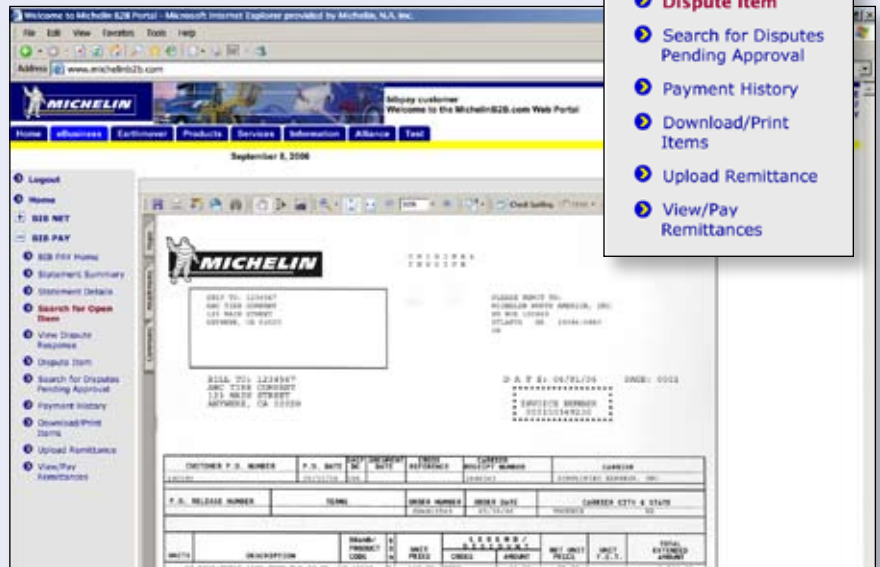

1. Dispute On-Line

- **Raise a dispute** with Michelin for any invoices that you feel were not correct.
- **Work on resolving invoice problems more quickly.** Your invoice including price, quantity and terms is immediately available to Michelin for investigation and correction.

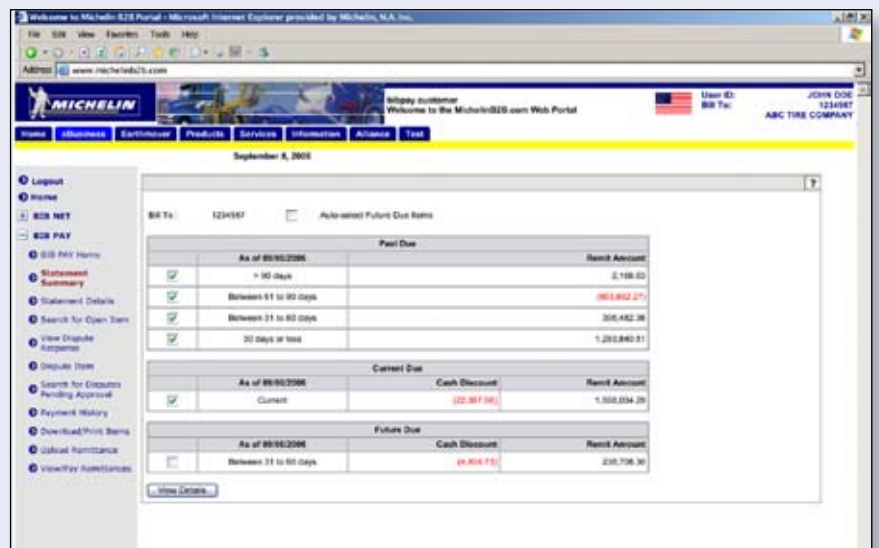

2. View and Download Invoice Images

- **View true invoice images** – exactly like the ones you receive in the mail from Michelin today; save, print or email.
- **Download / Print Items** feature keeps track of the last time you downloaded or printed all invoices, debits and credits; resume from the last time you signed on.

3. View Statements and Remit On-line

- **View daily updated statement summaries** detailing all outstanding balances with Michelin, including yesterday's deliveries.
- **Build a remittance on-line** by selecting invoices from the statement view. Change the estimated payment date to see the impact.
- **Create a remittance with your back office system** and upload it for validation and payment.
- **View an interactive payment history;** look up when an invoice was paid, what was paid with a specific check, or when the last payments were made.
